NOW OR NEVER!

We as RIEKO community are happy to share the success we have had over the past three months. The demand keeps growing, each month presenting a different challenge, but we believe where there is need a solution is always present.

A DIGITAL LEAP FORWARD

Thanks to the generosity of Connection Ubuntu, over 120 children now have access to digital connection, thus bringing the world closer to them. This transformative technology not only enhances their learning but also prepares them with essential digital skills for the future.

HONORING OUR ELDERS

In our continuous effort to support our elderly, we recently conducted Water, Sanitation, and Hygiene (WASH) training for ten elders in our community. By providing this training at their homes, we are promoting practices that improve health and well-being, benefiting both our elders and their caregivers.
